

Municipal Marina Waiting List Policy

The operator on duty starts the waiting list at 7:00 a.m. each morning. Names will be carried over day to day but must be confirmed by 8:00 a.m. each day in order to remain on the list.

When boats are being put into slips we will make only two attempts to contact the vessel by the pre-arranged means. The boat must be within 15 minutes away from the Marina and this side of the Grand Haven drawbridge. Names will be removed from the waiting list if:

1. No response to the call.
2. The boater declines the slip at that time.
3. The boat is not in the eye viewing area of the office within 15 minutes after responding to the call.
4. You do not confirm in person by 8:00 a.m. each morning to stay on the list.
