Mr. Oliver Shampine, immediate past president of the Grand High School Senior Class, noted he had a list of 195 names of students who were concerned about the BLP plans for Harbor Island. They requested Council and the BLP to delay plans until: 1) The City of Grand Haven adopts a Community Sustainable Energy Plan; 2) The City adopts a Local Renewable Energy Goal; and 3) The BLP complies with environmental rules. There were also concerns that there was a lot of pollution on Harbor Island that would not be removed.

Rev. Dr. Jerad Cramer, St. John's Episcopal Church, thanked council for affirming Pride Month. He noted there was an application on the agenda requesting a Pride worship service to be held at the waterfront stadium, along with some food trucks. Any profit made from the event would be given to the Grand Rapids Pride Center.

**WORK SESSION (cont'd)**

**Coast Guard Festival 2021 (cont'd)**

Carnival Chair Scott Klaassen stated that the carnival operator came to Grand Haven to look at the locations proposed at the June 14 special council work session. The major rides would remain in Harborfront Place parking lot, which was the same location as previous years. The other portion of the carnival would be placed in the former Chinook Pier location. This change in location would allow the carnival to occur without having to close streets. The carnival operator said it would be a huge challenge, but understood the needs of merchants and the Department of Public Safety. The change in location would still allow the carnival to be located in the downtown area. They would be honored to put on a festival safely and economically successful. He understood that Chinook Pier was a temporary fix for this year.

Council expressed appreciation to the Festival and Carnival for being flexible. They appreciated the work that was done to accommodate the Department of Public Safety's recommendation. They were pleased that something was worked out for this year.

Commander Mike Smith continued with the festival events and noted the Grand Parade would use the same route as 2019. The Festival also requested permission to display the "Coast Guard City, USA" letters on Dewey Hill. He noted the City was appreciated by the Festival, Coast Guard, and the rest of the country.

Mayor Monetza noted the City stood to make the Festival a safe, family-friendly event.

**21-182** Moved by Council Member **Fritz**, seconded by Council Member **Scott**, to approve re-instituting the City's Water and Sewer Shut-Off Policy and past due penalties effective July 1, 2021, and direct staff to make appropriate repayment plans with any past due account holders that request such assistance. This motion carried unanimously.

**21-183** Moved by Council Member **Fritz**, seconded by Council Member **Scott**, to approve a grant budget amendment for the 2021 Grand Haven Lighthouse Restoration Project, increasing the local match by \$1,338.22, to be reimbursed by the Grand Haven Lighthouse Conservancy fund held at the Grand Haven Community Foundation. This motion carried unanimously.

Council Member Cummins requested that future amendment request include a breakdown of charges.

**21-184** Moved by Council Member **Fritz**, seconded by Council Member **Scott**, to set four priorities for the proposed Grand Haven Area Community Foundation 2021 50-Year Anniversary Mini Grant Program: Bike Racks at Various Locations, Batting Cages at Sluka Field, a Kayak Launch (location to be determined), and dog benches at the dog park. This motion carried unanimously.

City Manager McGinnis stated the priorities would be presented to the public for a vote through the Community Foundation. More information would be included with each project before being presented to the Foundation.

**PUBLIC HEARING**

The mayor opened the public hearing at 8:27 p.m. concerning a State Drinking Water State Revolving Fund Project Plan.

**Regular City Council Meeting**

**June 21, 2021**

**Page 6**

Public Works Director Gajdos noted that Council had seen a presentation regarding the plan at the work session held two weeks before. He had not received any public comment during the required comment period.

Mr. Tom Poel, 526 Park, suggested the City use PEX lines instead of copper due to the significant savings.

Public Works Director Gajdos noted the materials to be used had yet to be determined but options could be researched as the project moved forward.

Council also felt that options other than copper should be considered.

The mayor closed the public hearing at 8:40 p.m.

**20-185**      Moved by Council Member **Fritz**, seconded by Council Member **Dora**, to adopt the City of Grand Haven's Drinking Water State Revolving Fund Project Plan dated June 14, 2021. This motion carried unanimously. (Attachment D)

Mayor Monetza stated that a review of materials could be done to determine the best option rather than just going with the current City policy of using copper.

**NEW BUSINESS**

**21-186**      Moved by Council Member **Fritz**, seconded by Council Member **Cummins**, to approve a special event request from Pride Mass to be held on Sunday, June 27, from 8:00 am – 1:00 pm, at Lynne Sherwood Waterfront Stadium and to waive the park rental fee in the amount of \$500. This motion carried with a vote of 4 to 1. In favor: Cummins, Fritz, Dora, and Monetza. Opposed: Scott.

Council Member Scott stated it was hard for him to support this request due to it promoting the LGBTQ movement. His biblical view was different than Rev. Cramer's. He had no problem with working with or treating people of the movement like anyone else, but when it came to promoting that lifestyle, he could not support it.

Council Member Fritz respected Council Member Scott's view, but stated that everyone was a human on this earth. He had gay friends who needed to be recognized and not be ashamed of who they were. People were to love each other. Council needed to give everyone a "fair shake" and be good for all.

**Regular City Council Meeting**

**June 21, 2021**

**Page 7**

Council Member Dora asked if there was a conflict in timelines between the mass and Praise on the Pier.

City Manager McGinnis believed that things would be worked out but he would verify.

Mayor Monetza said he would support the event. It would be a respectful event. People needed to be true to themselves. He did not feel that the event would promote one lifestyle over another. Acceptance of this event was a sign of acceptance of basic humanity.

**21-187** Moved by Council Member **Fritz**, seconded by Council Member **Scott**, to approve budget amendments for the General Fund (fund 101), Major Streets Fund (fund 202), and Local Streets Fund (fund 203). This motion carried unanimously.

Finance Director/Treasurer Bessinger reported the amendments were corrections to the budget with an overall net increase in revenue in the General Fund due to receiving unexpected revenue from the State of Michigan.

**21-188** Moved by Council Member **Fritz**, seconded by Council Member **Scott**, to approve an introductory resolution amending Code of Ordinance Chapter 36, Article III, Section 36-36 establishing a \$75 fine for seawall mooring violations. This motion carried unanimously. (Attachment E)

City Manager McGinnis reported this amendment added the \$75 fine for seawall mooring violations to the fee schedule.

**21-189** Moved by Council Member **Scott**, seconded by Council Member **Dora**, to approve an introductory resolution amending Code of Ordinance Sections 18-1, 18-79, 18-95, and 18-96 pertaining to the provisions of harbor and waterways to provide for removing vessels improperly berthed at the City Marina and along the seawall. This motion carried unanimously. (Attachment F)

Public Safety Director Hawke stated these amendments would give the Public Safety Department the tools to be able to handle the seawall the same as the marina for violations by making the seawall part of the marina by definition. Vessels would pay to moor using BS&A Point and Pay.

**21-190** Moved by Council Member **Fritz**, seconded by Council Member **Dora**, to approve an introductory resolution adding Code of Ordinance Sections 28-25 and 28-26 regarding the establishment of a police line, fire line, or clear zone. This motion carried unanimously. (Attachment G)

Public Safety Director Hawke noted that these lines were a very good tool for emergencies and special events.

**REPORTS BY CITY COUNCIL**

Council Member Dora thanked the residents that had sent in emails and inquiries regarding the Board of Light and Power and Harbor Island contaminants. More information would be forthcoming once discussions begin with the BLP, EGLE, and the City. He thanked Ms. Simpson's kindergarten class for meeting with him. He was very grateful to see things opening back up again from the pandemic.

Council Member Cummins appreciated the press release and update from City Manager McGinnis regarding the BLP. He noted that any new information would be publically shared. He thanked Mayor Monetza for responding to the letter from area industries also regarding concerns about the BLP. He also appreciated the 195 students engaging with the City. He agreed there needed to be some sustainability with renewable energy which the BLP's strategic plan did not include.

Council Member Fritz stated that it did not surprise him that there were chemicals found at Harbor Island which used to be a dump. People did not know about chemical contamination back then. He felt the island should not be disturbed in order to keep the chemicals in their current location. He noted council members helped recognize City employees with an appreciation picnic held the past week. He thanked Assistant City Manager Latsch for all of her hard work in organizing and setting up of the picnic.

Council Member Scott also remembered when Harbor Island was used as a dump and was also not surprised about the contamination found. He was also pleased to have helped with the employee appreciation picnic.

Mayor Monetza stated the dump on Harbor Island was closed in 1970, buried, and had not been added to for 50 years. No residuals of contamination were found anywhere off of the island and had not affected drinking water. The BLP and City would be at the mercy of the regulators. The least invasive work done, the better. He attended the employee appreciation picnic which showed great people they were appreciated. He stated that he and City Manager McGinnis attended a retirement ceremony for Coast Guard Grand Haven Commander Chief Petty Officer Kirk McKay and wished him a happy retirement. He attended ribbon cuttings in Centertown and at the New Standard Provisioning Center. He also attended the raising of the flag at the new Tommy's Car Wash. He had responded to a letter from area businesses and would like to meet with them in response to their letter. He appreciated the input from young people both regarding the train and

Harbor Island. He was relieved to see pandemic restrictions lifted and noted that following rules and getting vaccinated helped to get to this point. He urged more people to get vaccinated to promote the health of the community.

Assistant City Manager Latsch was thanked for her help in organizing and setting up the employee picnic. City Manager McGinnis added that she spent a lot of her time helping, even when it was on her own time.

**REPORT BY CITY MANAGER**

**A. Diesel Plant Rebidding Proposals**

The deadline for the Diesel Plant Rebidding had been June 9 and was in process of getting ready for everyone to review with possible Council approval at the July 19 meeting. At least 2 of the proposals met the set parameters.

**B. Employee Picnic and Coast Guard Festival PowerPoint**

Assistant City Manager Latsch had worked out all the picnic details and there were very little leftovers. She also created the PowerPoint for Coast Guard Festival events that had been presented during the special council work session.

**C. Grant**

Public Works Director Gajdos, Abonmarche staff, and EGLE had worked on the City's Drinking Water State Revolving Fund Plan which allowed the City to receive the Booker Amendment Funds, which were a forgivable loan.

**D. Harbor Island**

Council was thanked for all time spent on the Harbor Island contamination information. There would be a meeting with Representative Lilly and Senator Victory to stop this issue before it became worse. Resources would also be requested from Lansing.
