**Others Present:** City Manager Ashley Latsch, City Clerk Maria Boersma, Assistant City Manager Tim Price, Human Resources Manager Amanda Burnett, and Special Events/Project Manager Dana Kolleywehr.

**PRESENTATION**

Leah Bectel of Abonmarche shared an update to City Council on the Lead Service Line Investigation and Replacement Project. The purpose of the project is to meet the EGLE deadline of having all lead and galvanized service lines replaced by 2040. Based on the investigative work, the City of Grand Haven has a significantly lower amount of galvanized/lead service line than initially predicated. The assumption was the City had close to 100% and now it is assumed the City only has 15-33%. The goal will be to replace roughly 5% of service lines per year until 2040 to help spread out the cost of the project.

**ADJOURNMENT**

City Council decided to continue the presentation in the Regular Meeting, and Mayor Monetza adjourned the meeting at 7:16 p.m.
