

CITY OF GRAND HAVEN

Press Release

RE: Fulton & N. Hopkins Intersection Utility Work

PLEASE TAKE NOTICE that the intersection of **Fulton St. and N. Hopkins St.** will be impacted by utility work beginning at **8:00am Monday, August 10, 2026.**

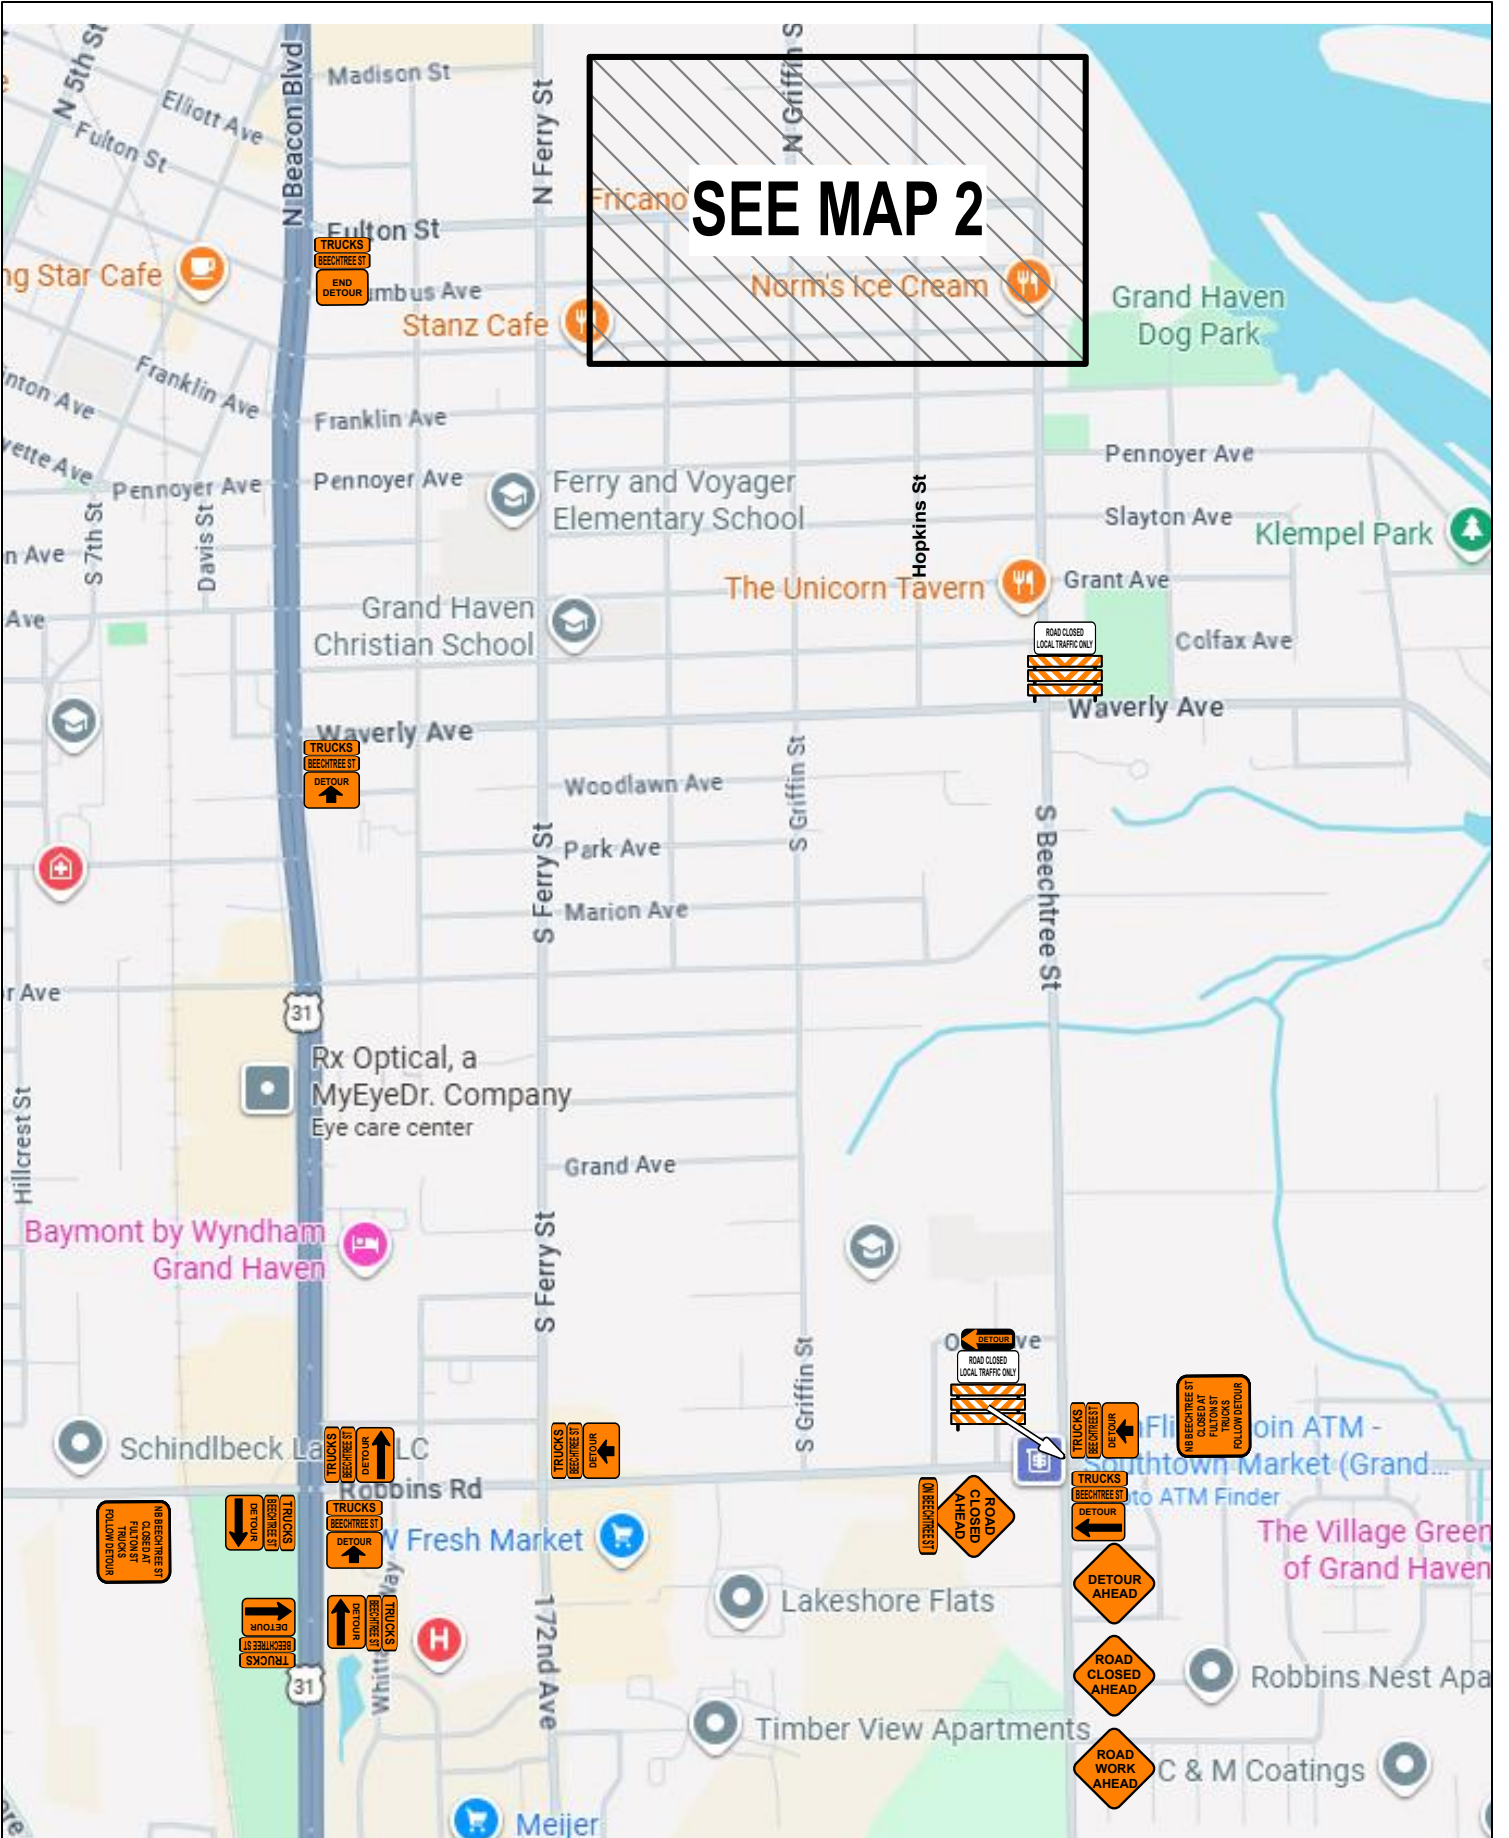

The work is expected to take approximately **three (3) weeks**, weather permitting.

Access will be maintained for residents within the affected area. All other traffic will be detoured around the work zone. Please refer to the attached detour map for the designated detour route and additional details.

If you have any questions regarding this Press Release, please call Logan Cuddington, Streets and Utilities Manager, at 616-847-3493. Thank you.

SEE MAP 2

All traffic control and their usage shall conform to the Michigan Manual on Uniform Traffic Control Devices (MMUTCD), 2011 edition. Additionally, all traffic control devices used on this project shall meet the requirements of the American Traffic Safety Services Association (ATSSA) "Quality Standards for Work Zone Traffic Control Devices" - 1992. Traffic control devices are inclusive of signs, barricades, vertical panels, plastic drums, warning lights, arrowboards, changeable message signs, cones, tubular markers, temporary tape, paint, and pavement markers.

This is the "recommended guide" for traffic control only. This document shall be approved by the owner of the affected right of way. Northwoods Siteworks agrees to assume all risk and hold harmless Give 'Em a Brake Safety and its employees from any property damage and/or personal injury caused by or arising out of the use of this document.
