When setting a HUD mobile home in a park, a permit must include the application fee, service, feeder and a final inspection. These shall be done by a licensed electrical contractor. When setting a HUD mobile home or a pre-manufactured home on private property, a permit must include the application fee, service.

VIII. Notice to Applicant

GENERAL: Electrical work shall not be undertaken until an electrical permit is issued. All installations shall be in conformance with the Electrical Code. No work shall be concealed until it has been inspected and approved.

EXPIRATION OF PERMIT: A permit shall become invalid if the authorized work is not commenced within 180 days after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A permit will be cancelled when no inspections are requested and conducted within 180 days of the date of issuance or the date of a previous inspection. Cancelled permits cannot be refunded or reinstated.

SCHEDULING INSPECTIONS: Applicant is responsible for arranging all required inspection until the permit is finalized. Call at least 24 hours in advance to schedule an inspection and include job location and permit number.
